MEMORANDUM FOR MR. HELMS

SUBJECT: ONE Memorandum for the Director: "Security Conditions in Mexico -- and elsewhere in Latin America," 6 May 1966

1. See the opening paragraph of the attached, "Note to the Director." The second sentence is the message of the paper.

2. We ourselves plan no circulation beyond a half dozen officers of the Agency. However, it does strike me that in the event that you and/or the Director perceive what I believe to be the considerable virtue of the paper, you might want to send one copy each to Messrs. Moyer, Rostow, Rusk, Rowley, David Acheson(?), and J.E. Hoover.

3. The sort of letter of transmittal I would recommend would be a simple one or two liner: "Dear \_\_\_\_\_: I thought you would be interested in the attached, whose central message is conveyed in the opening paragraph."
